Dear Sir,

This is to inform you that regarding Oceansat-3 Utilization Program of Department of Space/Indian Space Research Organisation, you have been awarded the project "**Environmental & Bio-optical Properties of Species Specific Algal Blooms using Oceansat-3 in Indian Ocean**". In this connection, the funds have been released to you for the last quarter of the current financial year (2022-23). Since the project has been started and it is for small duration, tentatively for 2/3 years, **hence an experienced Research Associate (RA) is most preferably required** to run the project smoothly. Therefore, I request you to recruit a "Research Associate" for the same project to carry out ocean water samples analysis and other works related with the project objectives. **Please expedite the process of recruitment for Research Associate to start the project, since the funds are already released and the project has been started.**

Thanks and Best Regards

Dr. Arvind Sahay

Principal Investigator (Oceansat-3 Utilization Program)
