Subject: (Collaboration on project on Eutrophication of Inland Water Bodies)

Dear Sir,

As part of our new Technology Development Programme (TDP), we would like to add you as our collaborating agency for the project titled, "**Satellite based eutrophication modelling of wetlands of India**". The project is of 3 year duration comprising of in-situ data collection, laboratory spectral analysis of Nalsarovar and Thol wetlands and satellite based assessment of water parameters. The fund allocated in the project for collaborating agency is around 26 lakhs. Further details can be found in attached annexures.

Ashwin

Yours Sincerely,

Ashwin Gujrati
