Ahmedabad

Introduction

In an era of rapid educational transformation, the need for a holistic approach to education has never been more pressing. The New Education Policy (NEP) 2020 sets a visionary framework for the future of education in India, emphasizing the importance of a multidisciplinary approach that incorporates innovative counseling techniques and psychometric assessments. To further this vision, Gujarat University, in collaboration with Mehrizm Foundation, is organizing the International Conference on Holistic Education Reforms: Creating Synergy between NEP 2020, Counseling, and Psychometric Assessments. This conference aims to unite esteemed academicians, researchers, and practitioners from the fields of education and psychology to explore the intersection of these crucial domains. By fostering a collaborative environment, we seek to generate actionable insights and strategies that will enhance educational practices and policies.

Participants will have the opportunity to engage with thought leaders, share groundbreaking research, and contribute to discussions that shape the future of education. With a focus on school psychology, the conference will delve into innovative counseling practices, advanced psychometric assessments, and the practical implementation of NEP 2020 in educational institutions. Join us at Gujarat University from January 3rd to 5th, 2025, for a transformative event that promises to inspire and equip you with the knowledge and tools to drive holistic education reforms.

About Organisers

Department of Education, Gujarat University

The School of Education was established on the university campus in 1964-65. It offers full-time M.Ed. and Ph.D. programs in Education. Dr. K.G. Desai (M.Sc., M.Ed., and Ph.D. from California) founded and served as a distinguished professor in this department. He was widely recognized nationally and internationally for his scholarly contributions and pioneering work in Psychological Testing, significantly influencing the field of education in India. The Department of Education is renowned for its inclusive and multi-approach application-based practices. Due to its significant achievements in Psychological Testing, the department has earned recognition as a leader in this field, and the university has been known nationwide as the University of Testing in India. The department actively advocates and implements the principles and vision of NEP 2020.

Prof. (Dr.) Manojkumar C. Shastri, HOD of Education Department, believes in synergy of Education and Psychology.

Mehrizm Foundation, Ahmedabad.

Mehrizm Foundation, Gujarat-based Public Charitable is an endeavor by Indian Academicians and Educators from IIT, IIM, Career Psychologists, Practicing Psychologists, Practicing Psychotherapists, Psychometricians, and members of the American Psychology Association (APA). With an objective to bring standardized, reliable, and valid scientific assessments beyond the barrier of languages, Mehrizm is into continuous development of Psychometric Assessments and bringing them to be accessed by the public at large. We at Mehrizm make sure to implement theories into practice through our courses, workshops, and conferences. An equal emphasis is laid on the skill development of counselors by bringing a counselor-centric digital platform that allows the Counselors to connect with counsees on one-on-one basis, their peer community, experts on the subject, and exchange the intellect, so on and so forth. The self-exploration and diving deep into your expressions and emotions is the 'The Journey Within' which Mehrizm envisages through its continuous efforts. The team of more than 65 psychologists at Mehrizm strives to maintain the genuine practice of counseling and bridge the gap through various psychological practices. Mehrizm aims to continuously develop its Multilingual Psychometric Library measuring quotients of Aptitude, Interest, Personality, Ethics, Accountability, Responsibility, Relationship so on, and so forth. Mehrizm endeavors to bring digital interface including Android and i-OS application for the users.
