PRINCE2® Foundation & Practitioner Training and Certification Course Description:

This course provides comprehensive first-level training for anyone involved in project management activities. The Managing Successful Projects with PRINCE2 manual provides guidance on the principles, processes and themes to manage projects in any environment.

FOUNDATION LEVEL

The purpose of the Foundation qualification is to confirm that a candidate has sufficient knowledge and understanding of the PRINCE2 method to be able to work effectively with, or as a member of, a project management team working within an environment supporting PRINCE2.

PRACTITIONER LEVEL

Practitioner qualification is to confirm whether the candidate has achieved sufficient understanding of how to apply and tailor PRINCE2 in a scenario situation. A successful Practitioner candidate should, with suitable direction, be able to start applying the method to a real project. Their individual project management expertise, complexity of the project and the support provided for the use of PRINCE2 in their work environment will help them to get success in the project.
