### Introduction of the Course

Ancient Indic philosophy is not a doctrine but a way of life. The word philosophy is derived from the root “દૃશ્”. દ્રશ્યતે યનેન ઇતિ દર્શનમ – That is, the vision through which the truth is seen. In philosophy, we think deeply on the question of the existence of the world and the soul, the existence of their creator God, the question of the fruits of action, the questions of the cause of sorrow and many such questions related to life. After deliberation, truth is interviewed through the ઉત્તર પક્ષ and પૂર્વ પક્ષ process.

This course is designed to understand and enhance the overall comprehension of ancient Indic philosophy. This 1-year diploma program provides a rich understanding of Indic philosophy and logic. This course will introduce you to various ancient Indic philosophies of thought and its relevance in contemporary times. This course helps to understand and analyse ancient Indic philosophy.

**Eligibility Criteria:** 12th Pass or Equivalent

**Duration:** 1 Year

**Evaluation Pattern:** Continuous Evaluation during the semester & end term project

with Viva

## Course Outline

### Semester 1

Credits 4
