Architectural elevation drawing of a classical archway. The structure features two fluted columns supporting a decorative arch. The arch is filled with a light orange color and contains a central semi-circular opening. The drawing includes various dimensions and section markers.

Dimensions:

- Overall height: 4850
- Overall width: 600
- Arch height (from column top): 1400
- Arch width (from column top): 550
- Arch opening height: 300
- Arch opening width: 375
- Arch opening radius: 300
- Arch opening depth: 200
- Column diameter: 225
- Column base width: 130
- Column base height: 100

Section Markers:

- AA SECTION (indicated on both sides of the arch)

Architectural elevation drawing of a building facade. The central feature is a large arched window with an orange-tinted interior. The window is flanked by two columns with vertical fluting. Above the window is a decorative horizontal band. The overall height of the facade is 1950. The window opening is 2500 wide and 2300 high. The arch of the window has a radius of 1250. The window is set within a frame that is 760 wide and 550 high. The columns are 150 wide and 150 high. The drawing includes various other dimensions for the window's internal features and the building's overall proportions.

Technical drawing of a dome structure. The drawing shows a dome with a central finial. Dimensions are provided in millimeters (mm):

- Overall height: 3065 mm
- Height from base to the top of the dome: 1710 mm
- Height from base to the top of the finial: 910 mm
- Base diameter: 4815 mm
- Base thickness: 100 mm
- Base width (excluding base thickness): 350 mm

Technical drawing of a circular hatch cover with an octagonal frame. The drawing shows a central circular hub with eight radial spokes. The outer frame is an octagon. Dimensions are provided: the overall width is 4815, the width of the octagonal frame is 4300, and the height of the octagonal frame is 1995.

Technical drawing of the dome structure of the 'L' building, showing a cross-section with dimensions and labels:

- 540
- METAL PLATE
- GRC DOME
- 1335
- METAL PLATE
- 450
- PEDESTAL

Technical drawing of a dome structure. The dome has a total height of 590 units. The main dome body has a height of 1120 units. The base of the dome is 3150 units wide. The base of the dome is 65 units high. The base of the dome is divided into 12 segments.

DOME PLAN

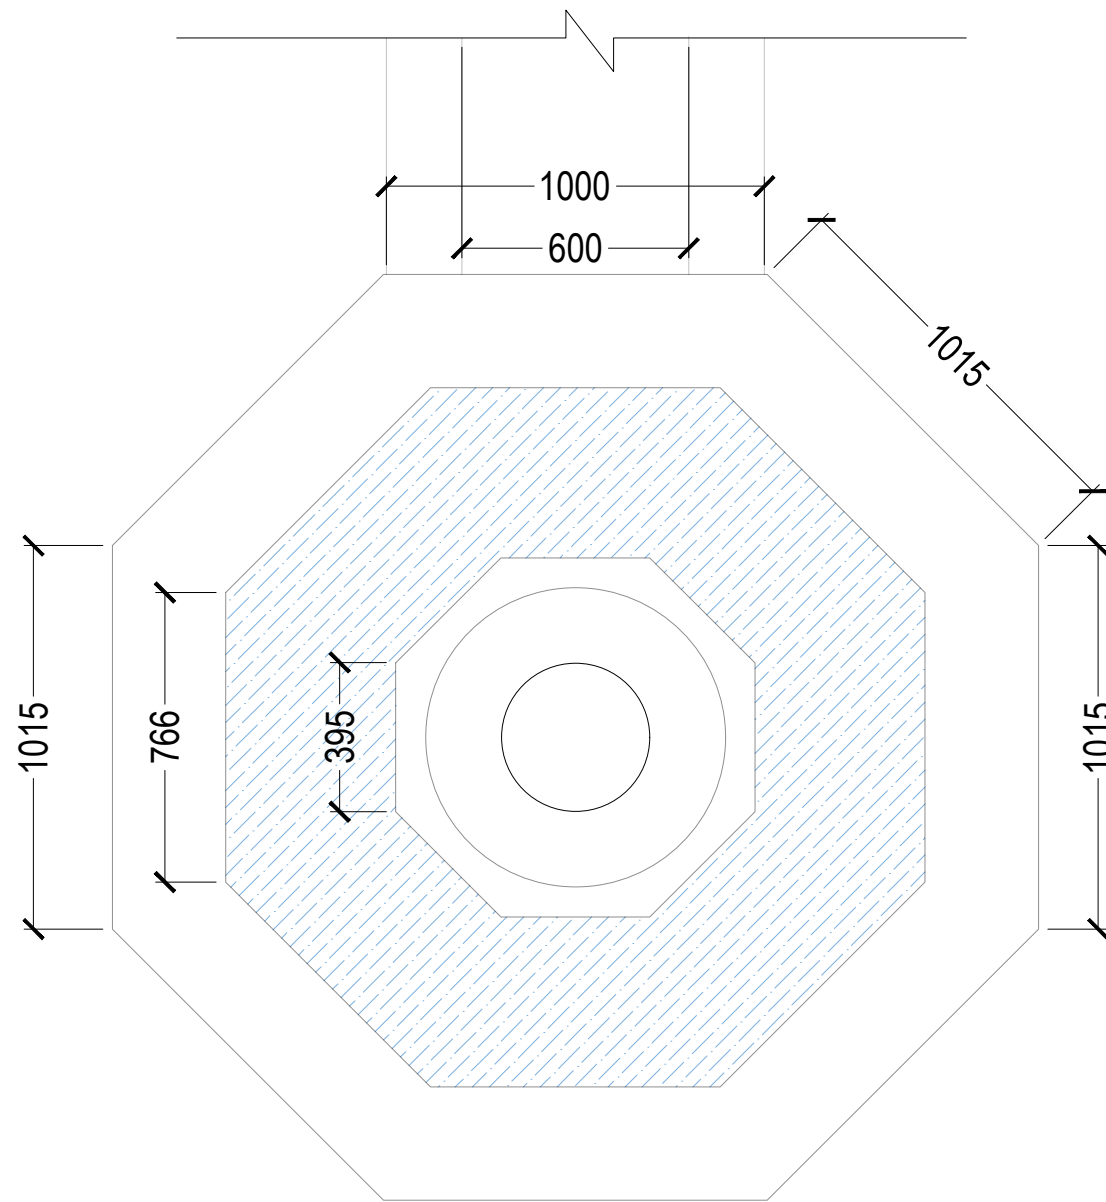

(TITLE-2)

Architectural drawing of the front elevation of a column. The column is divided into three main sections: a base (1), a shaft (2), and a capital. The base is 650 wide and 150 high. The shaft is 550 wide and 4850 high. The capital is 800 wide and 1950 high. The total height is 6600. The drawing includes dimensions for the base, shaft, and capital, as well as the overall height and width.

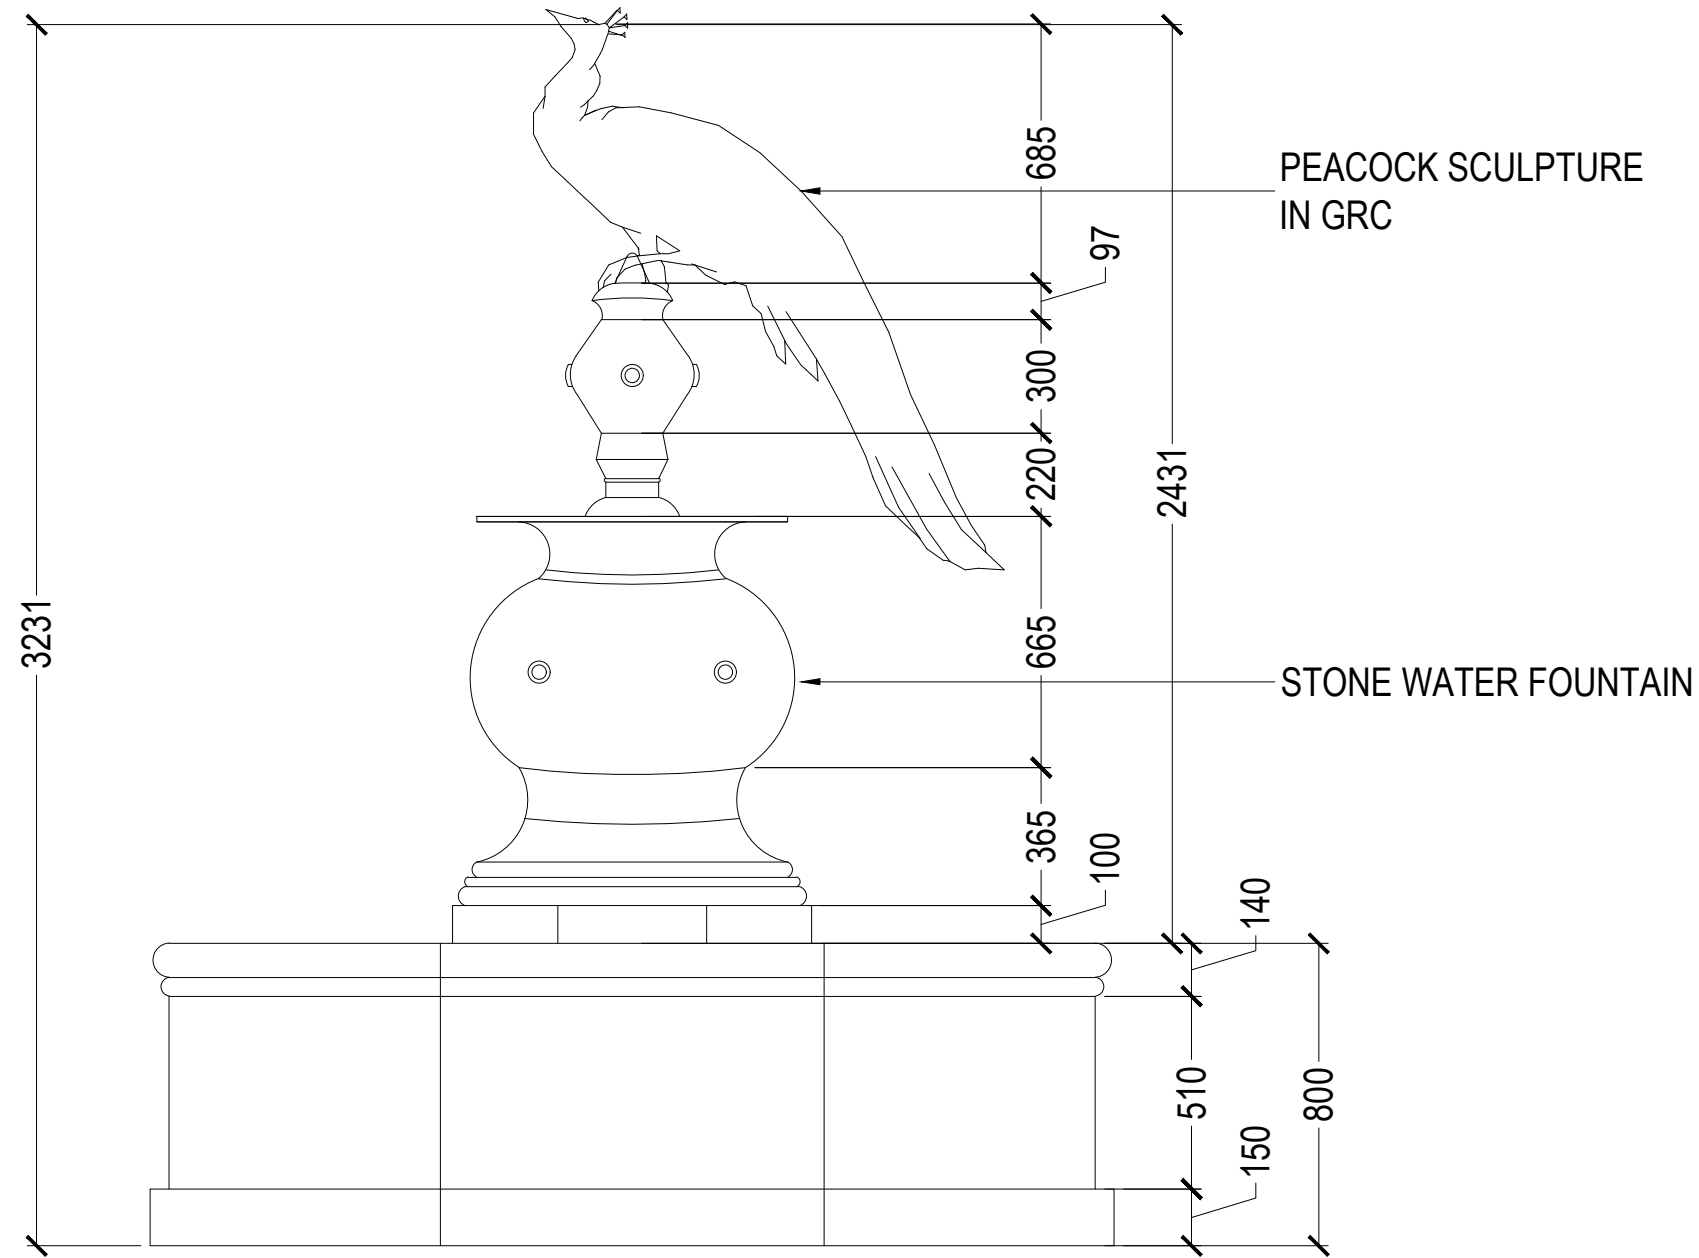

UMN TY

Diagram of a square with a semi-circular cutout at the bottom center. The square has a side length of 500. The cutout is a semi-circle with a diameter of 500. The width of the base is labeled as 650.
